

The MLCC rules as of April 1, 2011 state that no one can serve behind a bar without being certified. This is costly to the BCC since we cannot use volunteers to put in a 4-5 hour shift, as we did in the past, to run the bar since most of our members are not certified. We are therefore asking members to take the course and the BCC will reimburse those that get a certification with \$40. The actual cost is a little more to include GST and shipping. When you get your certification, present to Stan, bar manager, and he will reimburse you with \$40. Follow the web site below to take the course:
